

TECHNOLOGY AND WELLNESS
 MEMORY BIO CRYSTAL - GRAPHENE - POLISOFF

GRAPHENE

POLISOFF

COTONE ORGANICO

Global Recycled Standard

Memo Top is a mattress covered in **organic cotton**.

The innovative thrust of this fabric lies in the **Polisoff** quilting that ensures an **ideal temperature** perception thanks to its extraordinary ability to **absorb** and **disperse** body **moisture**.

The filling is made of **recycled** and **GRS-certified polyester** with **Graphene** and **Silk** fibres, fibres innovative that **act to break down the bacterial load** and perform a **thermoregulating** action by dispersing heat.

The core composition includes a first layer in **Memory Bio Cristal**, a special memory that not only **relieves pressure** on the body, but also exploits the **energy properties** of crystals in synergy with the three layers of **Polyurethane** of different densities to **distribute** the **weight** of the body over the **7 differentiated zones**.

- Height **26cm**

CASING CHARACTERISTICS

STRETCH COTONE FABRIC 340 GR/MQ

- 75% organic cotton
- 25% polyester

- Removable
- Washable 30°
- Air System 3D breathable underside
- More congruent for container bed

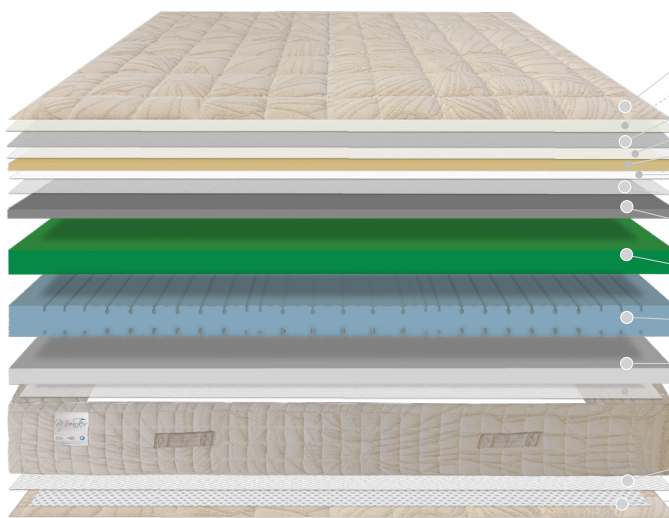

SCALE OF RIGIDITY 7

MoonTex

STRATIFICATION

1. Stretch cotton fabric 340 gr/sqm
2. Silk fibre
3. Graphene fibre
4. Polyester PET (GRS)
5. PolySoff 25 mm
6. White canvas 100% polyester
7. Protective Jersey underlining
8. Memory Bio Cristal 2 cm high
9. Polilattex HR height 6 cm
10. Polilattex High Performance height 10 cm 7 zones of P.D.
11. Polilattex Firm height 4 cm
12. Protective Jersey underlining
13. Hypoallergenic polyester
14. 3D fabric 100% polyester

CORE CHARACTERISTICS

Anatomical	Antidecubitus	Indeformable
7 bearing zones differentiated	Suitable for motorised nets	NO CFCS
Memory Foam	Disperses moisture	

OPTIONAL ON REQUEST:

- CARBON barrier against electromagnetic pollution (jersey with carbon)
- Available flat or vacuum packed rolled
