

# TOPPER MOONLIGHT

ART. 1562

CATALOGUE

**Topper MoonLight** is placed against the mattress to **improve** and correct **the lift**, making it more **comfortable**.

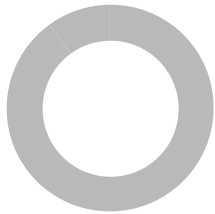

The feature that makes it unique is the special pyramid shape that offers a **slow progression** in support, resulting in a **pleasant** sensation of **softness**.

**Topper MoonLight** is non-deformable and equipped with **4 corner elastics** to anchor it firmly to the mattress.

This **removable** topper is as comfortable at home as it is **practical** to **take** on any **trip!**

- Height **4cm**
