CATALOGUE

Sanremo Pillow Top is a mattress with **1,600 independent micro pocketed springs** that is inspired by the look and size of american mattresses. It ensures an excellent combination of **support, breathability** and **cosiness**, giving the body a healthy and long-lasting rest.

The **topper**, which **increases** both its height and **comfort**, is covered in **organic cotton** and padded with **thermoregulating Polisoft**, which increases **breathability**.

The excellent quality of sleep is supported by the benefits of **slow-progression Memory Foam**, which accommodates and **relieves pressure** and distributes **weight evenly**.

In addition, the **3D fabric layer** in contact with the mesh **optimises breathability**.

- Height **32cm**
