TECHNOLOGY AND WELLNESS
POLISOFF

Modena Pillow Top is a mattress with **1,600 independent micro pocketed springs** that is inspired by the look and size of American mattresses. It ensures an excellent combination of **support, breathability** and **cosiness**, giving the body a healthy and long-lasting rest.

The **topper**, which **increases** both height and **comfort**, is upholstered in **elegant Stretch Impressive** fabric and filled with **temperature-regulating Polisoiff**, which increases breathability.

The excellent quality of sleep is supported by the benefits of **slow-progression Memory Foam**, which **accommodates and relieves** pressure and **distributes weight evenly**.

In addition, the **3D fabric layer** in contact with the mesh **optimises breathability**.

- Height **32cm**
