

MODENA CLASSIC

ART. 1211

Modena Classic is equipped with a box with 1600 independent pocket micro-springs, designed to ensure an excellent balance between support, breathability and comfort, ensuring a healthy and long-lasting sleep. The removable topper in elegant Stretch impressive fabric is padded with heat-regulating Polisofo. In this model, additional comfort is provided by the removable inner topper made of slow-recovery Memory Foam Soft Touch, protected by its own lining. Finally, support is provided by the Polilattex firm layer.

The 3D fabric layer in contact with the bed base optimises breathability.

TECHNICAL DATA SHEET

MOONPUR
Exclusive Sleep

PLUS

The unique features of Polisofo (ref. p. 19) are combined with the performance of the Memory Foam Soft Touch. Polisofo is a high-tech open cell foam. The low density and excellent softness allow for elaborate shapes and the creation of high-quality composites and quilted materials. The Modena Classic mattress features a cosy and generous topper that can be easily removed. The internal structure formed by 1600 pocket micro-springs allows the body to be pleasantly "embraced" and accompanied in its movements during sleep.

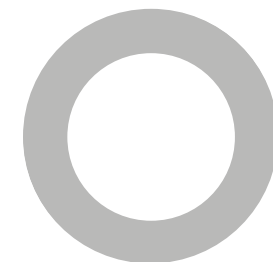

RECOMMENDED BED BASE

We recommend using slatted bases with adequate support. Catalogue ref. on page 94.
