

MODENA PILLOW TOP

ART. 1212

Modena Pillow Top is a mattress with **1,600 independent pocket micro-springs** that takes inspiration from the design and dimensions of American mattresses. It ensures an excellent balance of **support, breathability** and **comfort**, providing the body with **healthy** and long-lasting **rest**.

The **topper**, which increases both its height and comfort, is covered in **elegant Stretch Impressive** fabric and filled with temperature-regulating **Polisoff**, which enhances its breathability. The excellent quality of nighttime rest is supported by the benefits of **slow-recovery Memory Foam**, which **conforms to and relieves** pressure while **distributing** weight evenly. In addition, the **3D layer** in contact with the bed base **optimises breathability**.

PLUS

TECHNOLOGY AND WELLNESS
POLISOFF

The unique features of **Polisoff** (ref. p. 19) are combined with the performance of the **Memory Foam Soft Touch**. **Polisoff** is a high-tech **open cell foam**. The low density and excellent softness allow for elaborate shapes and the creation of high-quality composites and quilted materials. The **Modena Pillow Top** mattress features a **cosy** and generous non-removable **topper**. The **internal structure** formed by **1600 pocket micro-springs** allows the body to be **pleasantly "embraced"** and accompanied in its movements during sleep.

RECOMMENDED BED BASE

We recommend using slatted bases with adequate support. Catalogue ref. on page 94.

COVER FEATURES

STRETCH IMPRESSIVE FABRIC 350 GR/SQM

■ 100% polyester

Non removable cover

Washable with stain remover
